## About

---

I am a law student and researcher with academic interests in international trade law, economic regulation, public policy, and comparative legal studies. My work focuses on analysing legal frameworks through an economic and institutional lens, with an emphasis on emerging economies.

---

## Research Papers & Essays

---

- **Reassessing Tariffs and Trade Wars: Legal Mechanisms and Economic Implications**

Research paper analysing trade protectionism, tariff regimes, and their legal-economic consequences.  
(*PDF available on request*)
